
RASIK NIZAM M.I

SENIOR SOFTWARE ENGINEER

Coimbatore, TN 641305 ♦ +919585248912 ♦ rasikbinibrahim@gmail.com

PROFESSIONAL SUMMARY

Senior Frontend Engineer with 5+ years of experience building enterprise-grade web and mobile applications across manufacturing, banking, healthcare, and low-code platforms. Expertise in React.js, React Native, TypeScript, and Node.js with a strong focus on real-time systems, Role-Based Access Control (RBAC), secure authentication (OAuth 2.0, JWT), and AWS cloud deployments. Proven experience designing scalable industrial dashboards, HMI-style interfaces, QMS/PMS platforms, and compliance-driven enterprise applications. Demonstrated impact through performance optimization, secure architecture implementation, and cross-functional collaboration with backend and IoT teams.

SKILLS

React.js, React Native, TypeScript, JavaScript (ES6+), Redux Toolkit, Context API, HTML5, CSS3, SCSS

WebSocket, MQTT

Git, Agile, Scrum, Secure Architecture, State Management Optimization

Node.js, Express.js, RESTful APIs, Middleware Validation

AWS Elastic Beanstalk, AWS EC2, AWS Amplify, CI/CD Pipelines

WORK HISTORY

Senior Software Engineer, 07/2023 - Current

Petrus Technologies Pvt. Ltd – Coimbatore, India

- Led frontend architecture for Petrus Connect 2.0, an enterprise manufacturing platform.
- Built real-time control tower and HMI dashboards for OEE, production, energy, and cost monitoring.
- Designed an RBAC system for multi-level plant users (Zone, Department, Plant Head).
- Implemented enterprise modules (QMS, PMS, IE, Work Order, CMS, Digital Forms).
- Integrated REST APIs and WebSocket for high-frequency, real-time updates.
- Improved dashboard performance by 30% through rendering optimization.
- Managed AWS deployments (Elastic Beanstalk, EC2), and CI/CD using Amplify.

Impact: Enabled centralized, real-time monitoring across plants, improving operational visibility and decision-making.

Application Developer, 09/2022 - 06/2023

OREOPS Framework Pvt. Ltd – Erode, India

- Developed reusable React component libraries for the Sterlo low-code enterprise platform.
- Built a schema-driven, dynamic form rendering system for configurable workflows.
- Implemented layered front-end architecture supporting scalable enterprise applications.
- Integrated REST APIs and workflow logic engines.
- Contributed to drag-and-drop, configurable UI modules.

Associate Application Developer, 03/2022 - 08/2022

KGISL – Coimbatore, India

- Developed secure UI workflows for the ABFL mobile banking application.
- Implemented OAuth 2.0 and JWT-based authentication flows.
- Integrated secure REST APIs, following banking compliance standards.
- Improved UI performance and module consistency.

Programmer Analyst, 10/2020 - 03/2022

Latlon Technologies Pvt Ltd – Coimbatore, India

- Developed React Native modules for a telehealth application.
- Built consultation, appointment scheduling, and medical record systems.
- Implemented e-prescription workflows.
- Delivered privacy-sensitive, production-ready healthcare interfaces.

EDUCATION

Bachelor of Engineering: Electronics and Instrumentation, 2012 - 2016

Nehru Institute of Technology - Coimbatore, India

Awards

Rising Star Award – 2026

Petrus Technologies

Recognized for technical contribution and enterprise platform delivery excellence.
